 JELLYFISH

Why don't oysters give to charity?

Because they're shellfish.

What's the laziest thing in the sea?

A slobster.

How do you make an octopus laugh?

With ten tickles.

What do sea monsters eat?

Fish and ships.

Why do seagulls fly over the sea?

Because if they flew over the bay they'd be bagels.

### Sudoku

Place a number between 1 and 6 in each empty cell so that every row, every column and every 2x3 box contains all the numbers 1 to 6. You can only use each number once in each row, column and box.

5			6	
	4		1	3
1		3		4
		2		1
	1	4	6	5
6		4
